We would prefer to have ACHP fully participating in the PA discussions. To try and make scheduling easier, I created this Doodle Poll. Please respond with your availability for the week of June 21st.

Liz:

From the ACHP side of things, we'd strongly urge consideration of a time next week. This week is heavily booked, and other than a brief window from 4-5 EDT on Wednesday, I will not be able to involve my management to make for the most productive discussion. Let me know if next week is an option.

Thanks,
Blythe

Subject: Honolulu PA Teleconference and FEIS Update

Good afternoon,

In recent weeks, Laura Theilen has shared with FTA comments on the current version of the draft PA for the Honolulu Transit undertaking. We would like to set up a teleconference next week with the signatories and invited signatories to discuss those comments, other recent comments, and finalizing the PA. I am available after 2 pm EST Monday through Thursday next week.

Also, as we have discussed with you previously, FTA's strong preference has been to publish a FEIS with an executed Programmatic Agreement attached as an appendix. Because of the recent comments aired, FTA decided to spend a bit more time working on the language of the PA and move forward with publishing a FEIS with a draft PA as an appendix. An executed PA will need to be completed before FTA could issue a Record of Decision for the Honolulu Project.

FTA is reviewing the final version of the FEIS currently. We are anticipating that the document would be signed, distributed, and delivered to EPA next week. Once our Region 9 Administrator signs the document, I will send an email notifying the consulting parties. There will be a 30 day comment period on the FEIS.

Please let me know if you have any questions and when you would be available for a conference call.

Thank you,

Liz
